

guidelines of your program. Alternatively, you can contact Member Services with questions about coverage details. Prescription medication programs do not cover any over-the-counter medications, medical supplies or devices even if purchased at a pharmacy, and even if a prescription order is written. Prior authorization may be required before dispensing certain medications. Your program covers certain diabetic supplies, including insulin. Dispensing of male sexual dysfunction medications is limited to four tablets or six injections per month based on prior approval and appropriate medical diagnosis of non-psychological impotence.

Exclusions

A summary of the exclusions are as follows:

- Medications which do not require a prescription order, even if one is written.
- Medications which are not considered medically necessary for the care and treatment of an injury or sickness.
- Medications which are considered "off-label use" as they are not prescribed in accordance with FDA-approved utilization or are prescribed or dispensed in a manner contrary to normal medical practices.
- Medications administered by a physician or prescriber and those not dispensed at a pharmacy, including medications you receive at your doctor's office, in a hospital, clinic or other care facility.
- Medications for which the cost is recoverable under a government program, Workers' Compensation, occupational disease law, or medications for which no charge is made to you.
- Immunologicals, vaccines, allergy sera, biological sera, blood plasma and charges for the administration or injection of medications.
- Any medication labeled for "Investigational Use" or as experimental.

Therapeutic Categories of medications excluded from your program include:

- Medications prescribed for cosmetic purposes, unless Medically Necessary
- Hair loss medications
- Growth hormones
- Transgender Medications
- Needles, syringes and injection devices, except with insulin
- Male sexual dysfunction medications are covered with restrictions
- Medication for which an exact medication is available without a prescription

Retail Program

Your ID card provides all the information your pharmacist will need to process your prescription through Benecard PBF.

Your retail co-payment amount will be:

- \$6 for a Generic Equivalent Medication
- \$12 for a Brand Name Medication

You will only pay the actual cost of your prescription if it is less than your co-payment amount. Retail quantities will be dispensed according to the prescription order written by your physician up to a maximum of a 34-day supply. For orders which exceed 100 units, co-pays will be based upon the day supply as follows:

- 1 to 34 day supply – 1 co-pay
- 35 to 60 day supply – 2 co-pays
- 61 to 90 day supply – 3 co-pays

Discounts For Non-Covered Medications

Be sure to present your Benecard PBF ID card at a participating network pharmacy to receive a discount off the retail price of medications that may not be covered under the guidelines of your prescription benefit program.

Pharmacy Network

Your Benecard PBF prescription benefit program provides you with access to an extensive national pharmacy network. To locate a participating pharmacy, visit www.benecardpbf.com or call Benecard Member Services toll-free at 1-877-723-6005 (TDD: 1-888-907-0020).

Direct Reimbursement

If you must pay out-of-pocket for the full price of your medication that should have been covered under the program, manually submit a Direct Member Reimbursement Form, available from your Business Administrator or online at www.benecardpbf.com. You will need to provide an itemized receipt showing: the amount charged, prescription number, name of medication dispensed, manufacturer, dosage form, strength, quantity, and date dispensed. Your pharmacist can assist you if you do not have a detailed receipt. Direct reimbursement is based upon the coverage outlined herein and is reimbursable at the same rate that would have been reimbursed to the pharmacy, less any applicable co-payment amount. This amount may be significantly lower than the retail price you paid; therefore, it is advised that you use a participating network pharmacy to reduce your out-of-pocket costs.

Mail Service Pharmacy

You may wish to consider the convenience and savings offered by Benecard PBF's mail service pharmacy, Benecard Central Fill, if you take maintenance type medications on a long-term basis. Information on how to take advantage of this service is included and available from your Business Administrator or online at www.benecardpbf.com. Up to a 90-day supply may be obtained on a non-emergency basis through mail order. The medication can be shipped directly to your home.

Your mail order co-payment amount required at the time you place your order, will be:

- \$6 for a Generic Equivalent Medication
- \$12 for a Brand Name Medication

Specialty Medications

Specialty pharmaceuticals are typically produced through biotechnology, administered by injection, and/or require special handling and patient monitoring. If your doctor has prescribed a specialty medication, submit your prescription to Benecard Central Fill or your local retail pharmacy. Specialty medications are subject to your program's retail co-payment and at a limited day supply.

Save With Generics

Generic equivalent medications must meet the same Food and Drug Administration (FDA) standards for purity, strength and safety as brand name medications. They also must have the same active ingredients and identical absorption rate within the body as the brand name version. If you wish to take advantage of this savings opportunity, you should ask your physician to prescribe your medication either generically or as a brand with substitutions permissible. You may also consult with your pharmacist regarding generic medication options that may be available to you.

Eligibility

Your Business Administrator determines who is eligible for benefits under the Millville Board of Education prescription benefit program. Eligible dependents may include your spouse or domestic partner and unmarried children who are dependent upon you. Coverage for a dependent will end:

- when your coverage ends,
- on the last day of the benefit month in which the dependent fails to meet the definition of a dependent, or
- on the last day of the calendar year they turn 26, unless dependent qualifies as an overage dependent

You should notify your Business Administrator regarding any eligibility change such as adding or removing a dependent, address or name changes, or other family status change.

ID Cards

If your ID card is lost or you need a duplicate card, promptly notify your Business Administrator or Benecard Services to have a new ID card issued. If there is an emergency, and you need a prescription filled, call Benecard PBF Member Service toll-free at 1-877-723-6005 (TDD: 1-888-907-0020) and they will provide your pharmacist with the required information to facilitate processing the claim.

Member Resources at www.benecardpbf.com

Maximize your benefit with our online member resource tools including the network pharmacy finder, mail service, your plan coverage details, comparison pricing tool, as well as view recent personal medication utilization history, including what you have paid and what the plan has paid on your behalf.

Coverage

Your prescription program covers most Medically Necessary, Federal Legend, State Restricted and Compounded Medications which by law may not be dispensed without a prescription. Your pharmacist has online access to see which medications are covered under the benefit
